— MEAT COMPANY —

INTRODUCING

GRASS-FED AMERICAN LAMB

The Cascade Creek Story

Welcome to Cascade Creek, where our lambs graze in picturesque pastures and enjoy the nutrient-rich, fertile grasses grown only in the coastal, mountain and valley regions of the West Coast.

Pasture Raised & Antibiotic Free

Lambs are rotated from one pristine field to the next and have never been in a feedlot. Fresh air, rich soil and greens indigenous to the region make up the lambs' diet.

Cascade Creek lambs are raised naturally, without antibiotics or added hormones.

Quality

Cascade Creek brings sustainability and agriculture together in a way no one else has. We believe in nature – the complete circle of life. This shows in the quality of the meat – a truly natural farm to fork experience.
