Farming at nature's pace is a calling, and a round-the-clock commitment, for a select few. They appreciate the responsibility they have to treat animals, whose beef will nourish us, with absolute care and respect. At the same time, they treasure the land, water and sky we share and hold dear for future generations.

RAISED WITH CARE | AND | INTEGRITY

Is it easy to raise *Certified Angus Beef*® brand Natural this way? *No*. But for those content to nurture the little things, it comes naturally.

Simply natural and simply delicious beef is our promise to you.

ABOUT NATURAL BEEF LABELS

NATURAL

Defined by the U.S. Department of Agriculture as containing no artificial ingredients or added color, and is only minimally processed.

RESIDUE TESTING

Beef is randomly tested only at the final stage of production to help ensure antibiotics and added hormones have not been given. No additional verification is required.*

WITHDRAWAL PROGRAM

Animals may be given antibiotics or hormones until a specified time before harvest.

- ★ Fed a vegetarian diet
- ★ Never given antibiotics
- ★ Never given hormones
- ★ Tracked by a system of affidavits from the farm to harvest

Simply Natural. Simply Delicious.
